Gen. Worthington Visited Pass On Monday

Pass Civilian Committee Cited Across Canada for Its Efficiency; R.C.E.M.E. Huts Being Built.

On Monday Major General F. F. Worthington, CB, MC, MM, general officer commanding Western Command, Canadian Army, visited the Pass and met the civilian committee of the 22nd Armoured Brigade Workshop Unit as well as visiting several towns to inspect rifle and artillery ranges. He inspected the two Coleman ranges in the afternoon.

At 8 p.m. Monday members of the civilian committee from all Pass towns met Gen. Worthington at the National Selective Service office, Blairmore, where he addressed them.

He commended the committee for its efficiency and interest in preparing the way for locating in the 22nd Armoured Brigade Workshop Unit in the Pass. A site has been secured at the west end of Blairmore and huts are being erected. He expressed his disappointment that the huts were not already up and use being made of them. He stated he would take a personal hand in making equipment available for the Pass unit and that he anticipated equipment would be rolling this area shortly.

It was also his intention of making the Pass Workshop service equipment from Kimberley, Cranbrook, Nelson and Trail at it would be much easier to bring this equipment to the Pass than it would to have it taken out to the coast for servicing. In this manner the personnel of the local workshop would have the experience of repairing equipment which they would know had to be used by outside units and would have to stand up to severe tests.

The work of the local unit had received official recognition. The committee has had no equipment to work with, have suffered many disappointments, yet have never faltered in their plans and determination to bring a Workshop unit to the Pass. As a result of the energetic manner in which they have worked their record has been cited in a circular which is distributed coast to coast for all Workshop committees to read.

Following his Pass visit General Worthington was to travel into BC and work his way along to Vancouver.

PARK'S GROCERY HAS A TELEPHONE

Mr. J. A. Park, proprietor of Park's Grocery, announced that he has secured a business phone, 198, and that all phone orders will be given prompt and careful service.

Born: To Mr. and Mrs. Rudolph Szymanek, nee Betty Krywolt, of Coleman, on Sunday, Sept. 15, a son.

FORMER COLEMAN OLD TIMER DIES

John Baird, 86, who had resided at Blairmore for the past 22 years and prior to that worked in the Coleman mines, died at Eventide Home, Gleichen, on Wednesday morning. The funeral will be held in Blairmore on Sunday at 2:30 in the afternoon.

Mr. Baird had a colorful career, being at one time a member of the old North West Mounted Police. He was one of the police officers given the assignment of bringing in Louis Riel, famed radical of western Canadian history, to face justice.

He had firebombed in both the local and Blairmore mines.

Nick Burtnik Retires From Business

Steve Rypien and George Mizura New Owners; Burtnik To Remain Here During Winter Months.

Another businessman of 21 years standing is about to take leave of his old stand on main street and retire to the less hazardous duties of a quiet home life. He is Nick Burtnik who has owned Coleman Meat Market for 21 years and who on Saturday Oct. 5 will turn over the business to its new owners Steve Rypien and George Mizura, young Coleman men.

It was in August, 1925, while employed as a miner at Hillcrest Collieries, Hillcrest, that Mr. Burtnik decided to venture into business in Coleman. He brought his wife and family here and purchased the business known as Coleman Meat Market. His efficient service and fair business practices during the past 21 years has enabled him to build up a most successful business which, only poor health is causing him to relinquish. Prior to the war years his son George was employed with him for five years. The latter is now employed at Fernie.

Mr. and Mrs. Burtnik plan on residing here during the winter months and possibly in the spring take a trip into BC, where they might look around for a new home. The new owners are well known local men. They are both young and are at present employed at the local mines.

FORMER RESIDENT PASSES

Richard Leonard Norman, a one-time resident of Lethbridge, where he was engaged in the insurance business and later with the Coleman Journal, died last week at Vancouver at the age of 66. He was a native of Alliston, Ont., and was a printer by trade and when he first came west was associated with the old Saskatoon Phoenix. His wife was a daughter of the late Rev. Dr. Oliver Darwin, who for a number of years was superintendent of Methodist missions in Saskatchewan. A brother, W. G., was mayor of Saskatoon twice.

Major General H.A. Young Speaks To Pass Meeting on Housing; Favors Wartime Housing Ltd. For Pass

Addressed Meeting of Pass Leaders at Luncheon Meeting Monday Afternoon; Finance Crux of Whole Question.

Major General H. A. Young, Ottawa, vice-president of Central Mortgage and Housing Corporation, accompanied by Mr. Harris, of Wartime Housing Limited, Lethbridge, visited the Crows' Nest Pass on Monday and addressed a luncheon meeting, sponsored by Coleman town council in the Grand Union hotel. Present were community and industrial leaders from Bellevue to Fernie. Councillor Wilfrid Dutil presided as chairman.

Chairman Dutil stated that Maj. Gen. Young had travelled through the Dominion in his position as vice-president of Central Mortgage and Housing Corporation, a Crown company, to encourage construction of housing units from coast to coast. He was today in the Pass to converse with community and industrial leaders on the housing problem which was most acute in this area.

Major General Young stated that the housing shortage was world wide. He told of the desperate plight of citizens in Dublin, Ireland, who were in need of Canadian lumber with which to build housing units. Between a quarter million to half million housing units were required in Canada immediately, this not taking into consideration the city slums nor those persons who reside two or more families to the one unit.

Marriages during the past year have been averaging about 100,000 per year which added to the already acute housing shortage. Sixty to eighty thousand units were required to be built during the next few years.

The housing problem he admitted was eighteen years old. Housing construction had declined since the late twenties and there had been no housing construction of any consequence during the war years.

Government Policy

Government policy of today was to construct 80,000 units in 1947 and 100,000 in subsequent years, having regard to the needs of industry and Canada's export trade.

The Hon. J. L. Ilsley, minister of finance, had caused Central Mortgage and Housing company to be formed. It was a Crown company which had now passed from Mr. Ilsley's department to that of the Hon. C. D. Howe, minister of reconstruction.

As a result of the BC lumber strike and the present steel strike in eastern Canada, 35,000 housing units which had been scheduled for occupancy in October will not be completed in 1946.

The National Housing Act he broke up into five parts:

1. Joint loans made through private lending institutions, such as insurance and mortgage companies.

2. Direct advances to Limited-Dividend Housing Corporations up to 90% of the lending value of a

low rental project.

3. Direct loans by the Corporation to borrowers engaged in the business of mining, lumbering, logging and fishing.

4. Home Extension Loans.

5. Home Improvement Loans. The speaker stated that it was practically impossible to construct a home today by a private citizen and rent it under \$35 to \$40 per month.

The Wartime Housing was building homes which were renting at \$22.50 per month.

Wartime Housing would come into an area where the municipality would provide serviced lots at \$1 per lot. They would build the units, maintain and administer them and would pay the taxing body \$24 per year in lieu of taxes plus \$1 for street light service. At the end of a stipulated period National Housing Limited would sell the unit back to the taxing body for \$1,000.

In concluding his address Major General Young stated he was sympathetic to primary industry and would do everything in his power to help.

A question period followed which brought into discussion many pertinent points as they affected this area from Bellevue to Fernie.

One gentleman from Bellevue stated that this was a low-rental area with a \$20 rent as possible the maximum workers wanted to pay.

In reply it was stated that Wartime Housing built houses containing two bedrooms rented for \$22.50 per month and four bedroom units for \$30 per month.

Major General Young stated that the federal government would only subsidize the cost of construction when a second party also stepped in to help the subsidy. In this case he suggested that either the municipality do it alone or have the municipality, the coal company and the provincial government take it on in a three-way basis.

Mr. Harris entered the discussion and stated that in Lethbridge the city had come forward with the lots at \$1 each. Wartime Housing was presently constructing houses with the following set-up:

Two bedrooms, each measuring 10 feet by 14 feet; living room, 11' x 14' with hardwood floor; kitchen 10' x 14' with wood-burning stove; bathroom; utility room; cupboards; all for \$22.50 per month. A 3-bedroom unit rented for \$27.50 and a 4-bedroom unit for \$30. There was no basement in any unit. Should the tenant desire a basement he would then have to pay for it in increased rental charges of possibly \$5 to \$7 per month.

The meeting broke up after about three hours duration and when all present appeared to be satisfied that they had all points pertaining to the housing set-up clear in their minds.

No results are expected until the delegates have had the opportunity of talking the subject over with their councils and directors.

3128 RATION BOOKS ISSUED BY LOCAL OFFICE

...V...

Mrs. Fred Antrobus and her staff of high school girls were busy during Thursday and Friday of last week issuing ration book No. 6.

3,128 books were distributed, this number being lower than the previous issue by approximately 200.

This spread can be accounted for by taking into consideration those who went to Blairmore for their books, the Blairmore office being open a week ahead of the local office.

In addition there were still a number on vacation who undoubtedly secured their ration books in the town or city they were visiting.

...V...

Mrs. F. Antrobus desires to express her thanks and appreciation to the following students for their able assistance in distributing ration books and to Mr. Hoyle for allowing them time off to do this work. Irene Antonenko, Anna McQuarrie, Isobel Ewing, Angelina Farrar, Doris Mahovitch, Della McQuarrie, Ethel Kanik, Joanna Handzel, Victoria Cibulsky, Elsie Mysnyuk, Mary Ginda and Lorretta Douville.

At a recent meeting of the Town Council, it was voted that the Memorial Park Committee be granted the sum of \$100. Accordingly, Miss Lees, the town secretary, presented the secretary of the Memorial Park Committee with a cheque for that amount. Other contributions received are as follows:

Dr. Leismer \$15.00

Mr. and Mrs. Geo. Dickson 10.00

Mr. and Mrs. R. Holmes 5.00

Mr. and Mrs. W. Bereska 2.00

Coleman Elks 100.00

Mr. and Mrs. Dickson and Mr. and Mrs. Bereska, of Vancouver and New Westminster, will be well remembered by Colemanites.

Many people have enquired as to when the work on the construction of the Cenotaph will commence.

Orders for the necessary material were placed some time ago.

The main order was given to Mr. James Bennie, of Lethbridge. This order covered granite and tile. The latest information received by the committee was that the orders had been accepted but that at the present time the stone-workers are on strike.

It had been the wish of the committee that the cenotaph be completed for the 11th of November.

Although this has not been guaranteed, they have been assured

that every effort will be made to have the material here in time for work to be completed by that date.

AND
THEN THERE WERE NONE

Food For Peace

HISTORY HAS SHOWN that war and rebellion have frequently been the direct result of lack of food. People who are hungry are desperate and are willing to attempt any means of improving their conditions, making them a ready prey for unscrupulous leaders and distorted ideologies. It is now recognized that one way to keep peace among the nations is to ensure equitable distribution of food in every part of the world, at prices which will make it available to all levels of the population. With this end in view, the United Nations' Food and Agriculture Organization, which has proved so far to be one of the most active of the United Nations' organizations has proposed an international granary to be administered by a permanent world food board, combining the work now carried on by U.N.R.R.A. and the international emergency food council.

Stable Prices Are Proposed It is proposed that world food prices could be stabilized by such a board if minimum and maximum prices were set on foods on a basis of the anticipated supply and demand. In the case of any commodity being in excessive supply, and the price falling below the minimum, the board could buy it up, until the price was stabilized. In reverse, it could place on the market additional supplies of foods whose prices had risen above the maximum. It is also proposed that the board should organize a six to twelve months' food reserve, to be used in case of crop failures should any one commodity be produced in such quantity as to threaten the world balance, the board would have the power to set export quotas between the producing nations. Funds would be necessary for the operation of a board of this nature and it was suggested that these could be raised, in part, at least by contributions from the nations benefiting from its services.

Might Produce Wide Benefits In suggesting the plan for a permanent world food board, the Food and Agriculture Organization emphasized that development of trade and industry would be necessary for its success, since they provide the money to purchase food. The outcome of these proposals should be watched with interest, for they may have a very important effect on the course of events in the future. Any matter connected with agriculture is also of vital interest in this country and a plan which would ensure stability of prices for farm products would affect a large part of our population. Farmers have suffered much in the past due to world market conditions which are far beyond their control, and a well organized world food board, such as the Food and Agriculture Organization has proposed, might bring considerable benefit both to producers and consumers in many parts of the world.

PREFER THE FARM

Girls Helping Out During Summer Want To Remain Single CLARENCE, ILL.—A nucleus of a new "back-to-the-land" movement might be found among a group of "big city" girls who have been spending their summer months on farms in this district about 20 miles west of Toronto.

Comprising university and high school students, typists, stenographers and secretaries, the group generally is well disposed to farming as a career. In fact, some of the girls said they would prefer to marry farmers rather than city men.

"I'd rather be a farmer all my life," was the enthusiastic comment made by petite Claire St. Pierre of Quebec City. Claire, just turned 19, could only say "yes" and "no" in English before she came here and now has a large vocabulary at her command.

"But if a farmer boy proposed to me, I'd say 'yes' any time," she added.

Valerie Charibols of Fort William is seriously considering giving up her chosen profession as a typist because "nothing is a lot more fun" than farming.

16-year-old Margaret Willis, a student majoring in psychology at the University of Toronto, said she was quite willing to trade her degree "for a few acres of ground any time."

Housing Drive

Some Details Regarding Construction In Britain During Current Year

The rate of progress of Britain's housing drive is increasing. White Papers published on August 29th show that during July 10,395 houses were completed of which 5,109 were permanent. This is the highest figure since the end of the war, comparing well with June's total of 8,039. The total number of houses completed since April 1st, 1945, is 60,452, 20,027 of which are permanent, and of them 2,578 are "bungalows" completed in 1945.

Permanent houses have been responsible for the largest part of the permanent houses completed to the end of July, in building 11,917 compared with 1,110 built by local authorities. During July work has begun in England and Wales on 14,292 new permanent houses. Local authorities are responsible for 11,366, while 2,926 are being put up by private builders. Since March accommodation in all categories—permanent and temporary houses repaired or requisitioned houses—has been found for 202,697 homeless families in Britain, an increase of 14,516 in July.

A glance at the figures for dwellings now under construction in Britain shows that preference is given to permanent homes. Out of 163,232 in preparation 134,600 are permanent and only 28,632 temporary. The increase during July of houses in the course of construction is 19,177.

62,000 houses damaged during the war but still considered habitable have also been repaired by the end of July.

Excluding prisoners of war 521,800 men were employed on housing in England and Wales at the end of July. In June the total was 515,900 while in July, 1945, the total was 320,400. As repairs to damaged houses decline so men are switched to the building of permanent houses. Scotland's labor force in July totalled 45,550.

World Brotherhood

Can Never Be Obtained Apart From Christianity

PHILADELPHIA—World brotherhood and peace will never be attained apart from Christianity, the Archbishop of Canterbury, Most Rev. Geoffrey Francis Fisher, D.D., said at the closing session of the 49th National Convention of the Brotherhood of St. Andrew, Episcopal Lay Organization.

GEMS OF THOUGHT

BUSINESS OF LIFE
To cultivate kindness is a valuable part of the business of life.—Samuel Johnson.

Let us serve instead of rule, knock instead of push at the door of human hearts, and allow to each and every one the same rights and privileges that we claim for ourselves.—Mary Baker Eddy.

We can only have the highest happiness by having wide thoughts and much feeling for the rest of the world.—George Eliot.

Teach us delight in simple things And mirth that has no bitter springs;

Forgiveness free of evil done, And love to all men 'neath the sun.—Rudyard Kipling

Our grand business in life is not to see what lies dimly at a distance, but to do what lies clearly at hand.—Carlyle.

Let us see to it that our lives, like jewels of great price, be noteworthy not because of their width, but because of their weight.—Seneca.

In New York the Tailors Guild was told that a man to be well-dressed should have six business suits and 12 pairs of shoes.

FAMOUS ARCHITECT

Canadian Who Designed Empire State Building, Is Dead

HASTHORPE, N.Y.—Richmond Harkay Shreve, the Nova Scotian who designed modern man's most impressive structure, the Empire State Building in New York City, died here recently. He was 69.

Member of a New York firm which designed the 102-storey Empire State Building, Mr. Shreve also aided in the designing of New York City's second most valuable real estate property, the \$50,000,000 Parkchester housing development in the East Bronx.

Mr. Shreve, 13,000-apartment residential and business project owned and operated by the Metropolitan Life Insurance Company, houses nearly 40,000 residents in 51 buildings covering 129 acres of land. Its taxable valuation is second only to the \$100,000,000 Rockefeller Centre in mid-Manhattan.

The development comprises buildings ranging from six to 31 stories, each with a dozen or more apartments.

Mr. Shreve was born in Cornwallis, N.S. He was a son of Very Rev. Richmond Shreve, once Dean of the Anglican Cathedral in Quebec City.

Farm Competition

Two Quebec Farmers Were Awarded Gold Medal

QUEBEC—J. A. Eccles of Sweetsburg and Philibert Audet of Comp-ton have taken first and second place respectively in the 1946 Agricultural Merit competition for farmers of the province, Minister of Agriculture Laurent Barre announced.

The two farmers become Commanders of the Agricultural Order and will be awarded the Gold Medal at the Quebec provincial exhibition.

Mr. Eccles placed first in 930

titles. Mr. Audet placed second in 900 titles. The list of winners included Raoul Poirier, St. Helene, Bagot Court, the 79 candidates in the different classes; professional farmers 31, gentleman farmers 2, silver medal 33, and bronze medal 28.

British-American Agents Recover Hoard In Germany

FRANKFURT.—British and United States agents seized precious stones and metals possibly exceeding \$10,000,000 in value and arrested hundreds of Germans in the largest joint British-American operation in Germany since the dissolution of supreme headquarters, it was announced.

The two farmers become Commanders of the Agricultural Order and will be awarded the Gold Medal at the Quebec provincial exhibition.

Mr. Eccles placed first in 930

titles. Mr. Audet placed second in 900 titles. The list of winners included Raoul Poirier, St. Helene, Bagot Court, the 79 candidates in the different classes; professional farmers 31, gentleman farmers 2, silver medal 33, and bronze medal 28.

RICHEST GOLD MINE

The richest gold mine in history lies today beneath the village of Odendaals Rust in the Union of South Africa. Its ore contains 26.6 ounces of gold (\$2,200) to the ton, or about 100 times more than of the average gold mine.

92 Years Old—and Fit as a Fiddle

Run Up and Down Stairs

"I feel as though I'm dying," writes Mrs. A.J.W., "to express my gratitude for the better-than-expected results my father had in his 92nd year. He is a man of 90, and is as fit as a fiddle. He can skip about, and run up and down stairs. His friends marvel why it is he is always alert and never feels slack. He always tells me, 'I believe it is my kidney that keeps me in my first cup of tea every morning.' We always recommend Kruschen Salts to all our friends. To my idea, no family should be without Kruschen."

Most people grow old before their time, and many of them suggest that vital need of health—the need for internal cleanliness.

The majority of these people could feel no more better and brighter...yes, more spry, too...if they could follow the simple directions in this article. Simply take a small morning dose of Kruschen Salts in tea, coffee or hot water. That's all there is to it. Take the salt in the morning, and another when you are regular. After that take when you are regular. Take the salt 25 and 75 at all drugists. Ask for Kruschen.

NEW TYPE GLASS

The physical characteristics of a new silicone glass laminated plastic are remarkable. After a week's baking at 250 degrees Fahrenheit, which would have caused other laminates to deteriorate.

CALL FOR THE FORMATION OF A WORLD FEDERATION FOR PRESERVING THE PEACE

LONDON.—The international committee for the study of European problems has predicted failure for the United Nations in avoiding war, and called for formation of a world federation of nations for preserving peace.

It is declared that "at present Russia is going too far."

"In the light of recent events, it does not seem probable that the UN will succeed—in the case of a serious conflict arising between great powers—in avoiding another war," said a 16-page report signed by 31 prominent statesmen, diplomats, teachers and scientists of six European countries.

The report declared the veto power in the UN security council "will never be able to prevent any power from acting as it pleases" and said that "because the world's political structure has remained the same, the nations are now setting out on the same roads which led them to war."

Admitting that a world federation would entail "important surrenders of national sovereignty," the committee proposed the organization of political groups committed to a world state to speed what it called "the normal evolution of the world toward unity as it has been evolving during the last 20 years."

A privately formed organization made up of members from Britain, Belgium, Denmark, Holland, France and Norway, the committee includes such well-known men as Lord Beveridge, Liberal British economist; nuclear physicist M. L. Oliphant; Robert Gilson, minister of state and president of the Belgian senate; Edouard Herriot, former French prime minister; and Beelaerts Van Blokland, Dutch minister of state and former foreign minister of The Netherlands.

The report, critical of world affairs since the end of the Second Great War, opposed the setting up, "in the relatively near future," of a central German government.

In a special section devoted to "The position of Russia," the report declared: "At present Russia is going too far."

Speculating as to whether Russian policy is aimed at expansion or national security, the report added:

"No political doctrine in itself, however, can be right or wrong, so when other countries try to do so, when either another country tries to do so, or to impose it by force."

"If therefore Russia is not aiming at expansion or at following merely a political line of action entirely independent from that of the nations of the west, there is no reason to suppose that she is aiming at the establishment of a new common political structure which would add notably to her security."

Complaining of what it termed the failure of Allied nations to destroy fascism and nazism, to purge dangerous elements from France, Belgium and Luxembourg, and to oppose the Franco government in Spain, the report declared:

"In the light of the above facts, it is clear that nazism and fascism have not been destroyed and that nothing leads to the assumption that they can be in the near future." In Argentina, the committee declared, "Argentina is a menace to democracy infinitely more serious than Spain."

BRITISH FARMERS' UNION PRESIDENT BELIEVES FUTURE OF AGRICULTURE IS AT STAKE

COPENHAGEN.—James Turner, president of the international federation of agriculture producers and of the national farmers union in England and Wales, says the future of agriculture was "at stake" at the food and agricultural organization conference just concluded here.

Main business of the meeting was discussion of plans for a world food board to stabilize farm prices.

The I.F.A.P., formed in London earlier this year, still has to complete its organization and will not seek a place on the U.N. as a single organization. But six of its seven executive members were present and available for consultation by members of their countries' delegations.

Herbert Hannam of Ottawa, I.F.A.P. third vice-president and president of the Canadian federation of agriculture, was a member of the Canadian delegation.

Mr. Turner said an executive meeting will be held here to choose I.F.A.P.'s meeting place in 1947.

International Canada is asking for the meeting, but has competition from several other countries.

Sir John Boyd Orr, F.A.O. director-general, said in his first annual report that I.F.A.P. had completely endorsed the objective of F.A.O.—a world program of production and distribution based on human need—and whole-heartedly offered to co-operate in achieving that objective.

I.F.A.P. now operates as a pro-

POLIO RESEARCH

Would Make Use Of Monkeys To Fight Disease

WASHINGTON.—Plans for the large-scale importation of a particular species of monkeys described as "the most intelligent and which offers a reasonable hope of success" in unravelling the mysteries of poliomyelitis—were announced by the national foundation for infantile paralysis.

Dr. H. M. Weaver, acting research director of the foundation, told a press conference that the first step would be a six-month expedition into the jungles of the Netherlands East Indies and the Philippines Islands.

The places he said, are the habitat of "a species of monkey, the Macacus Cynomolgus" which he believed had shown promise of being science's best bet in the study of polio. He said approximately 5,000 a year are needed to spur infantile research.

PLANNED UPRIISING

Three Nationalist Army Generals Were Executed In China

PEKING.—Three Nationalist army generals were executed in Harbin after attempting to lead a gigantic plot to take control of the city, belatedly dispatched from official Communist headquarters in Harbin said.

They had planned an armed uprising within the city itself, the design patch said.

Communist leaders said the revolt was sponsored by Generalissimo Chiang Kai-Shek and Gen. Tu Li-Ming, commander of the Nationalist forces in Manchuria.

Fragmentary information received here indicated the uprising was scheduled for Aug. 28 but the plot was discovered two days before that.

Mass arrests within the 48-hour deadline successfully blocked the plot.

HORSE MEAT

Sales Appear To Be Increasing In The United States

NEWARK, N.J.—Horse meat dealers report business increases ranging from 50 to 75 per cent—thanks, they say, to the current meat shortage.

Sam Stromeyer, owner of the Wissahickon Meat Co., said new sales accounted for a 75-per cent sales increase and were returning highly pleased because Stromeyer said, horse meat has more protein, more gravy and—most important—there's plenty of it.

LONG TRIP

U.S. Navy Plans A Nine Thousand Mile Flight

WASHINGTON.—The United States navy plans a 9,000-mile non-stop flight—a long-distance record—from Australia to the United States in a land-based twin-engine search plane, the "PBY Catalina." The "PBY Catalina," a Lockheed long-range naval PBY Neptune will take off "late this month" from Perth, Australia, and fly the great circle route to Seattle, the navy said. It is expected to take 44 hours.

LUXURY LINER

Queen Mary Makes Final Voyage As Troop Ship

HALIFAX, Nova Scotia.—Giant luxury liner Queen Mary, making her final voyage as a troop and dependent ship, reached port with a varied passenger list, including 1,424 service dependents and 800 civilian passengers ranging from peers and business leaders to cabinet ministers and members of parliament.

Finance Minister Isley was returning from a European visit during which he attended council sessions of UNRRA at Geneva, while Agriculture Minister Gardiner had come back to Ottawa from the food and agriculture organization meeting in Copenhagen. They were welcomed by Premier Angus L. Macdonald.

LEVEL MAINTAINED

No Change In Sugar Ration Or Price For Canadians

OTTAWA.—The Canadian sugar ration will "definitely" be maintained at its present level despite a sharp drop in sugar stocks and the price of sugar will be maintained despite an increase in sugar prices in the United States, prices board officials said.

The Dominion bureau of statistics, in its latest report on the sugar situation, said stocks on hand last Aug. 10 dropped to 99,844,580 pounds from 106,722,723 the previous week and 165,073,298 the corresponding week last year.

ANOTHER EXILE

SOFIA.—Nine-year-old Simeon II, deposed as king of Bulgaria in 1945, a prince who had earned the country into a republic, left his homeland by train for a life of exile in Egypt.

TEN BUSHELS AUTHORIZED

MOOSE JAW.—Robin Hood Flour Mills, Moose Jaw, announced that they had received word from Winnipeg that the wheat quota of ten bushels per authorized acre had been removed for Moose Jaw district only.

SETS NEW SPEED RECORD—Record-breaking R.A.F. pilot who hit 616 m.p.h. in twin-jet engined Gloster Meteor, Capt. E. M. Donaldson is shown here with his wife and their 11-months-old son.

BOYCOTTED BY JEWS—Palestine conference in London was boycotted by Jewish representatives and members of the Arab higher committee of Palestine. Prince Amir Paisal of Saudi Arabia, right, shown with son, Prince Mahomed, seven, was a delegate.

WINSTON CHURCHILL SPEAKS OF THE URGENCY OF FINDING SOLUTION OF WORLD AFFAIRS

ZURICH, Switzerland.—Winston Churchill called for "an end to retribution" for Germany once she is stripped of the power to make war, and for French and German partnership in "some kind of United States of Europe."

The wartime prime minister's speech at the University of Zurich was the second within two weeks to cheer the Germans. State Secretary Byrnes of the United States at Stuttgart, Sept. 6 advocated speedy establishment of a democratic provisional government for Germany.

Mr. Churchill made no reference, however, to the foreign policy controversy arising from Commerce Secretary Wallace's recent speech and letter to President Truman on Russia.

Speaking of the urgency of finding a solution of the world's problems, he said, "The atom bomb is still there. It is a power which no state or nation which we know of can use. It except in the cause of right, and when all has been done as it will be done, as it is being done, then there must be an end to retribution."

Mr. Churchill called for a federal government for Germany, saying, "The ancient states and principalities of Germany, newly joined together into a federal system, might take their individual place among the United States of Europe."

Declaring in an address at the University of Zurich that "we dwell strangely and precariously under the shield and protection of the bomb," Britain's wartime prime

minister said Europe needed a regional organization within the United Nations.

"France and Germany must take the lead together," he said. "Great Britain, the British Commonwealth of Nations, mighty America and, I trust, Soviet Russia—for them, indeed, all would be well—must be the friends and sponsor of the new Europe and must champion its right to live and shine."

Speaking of the urgency of finding a solution of the world's problems, he said, "The atom bomb is still there. It is a power which no state or nation which we know of can use. It except in the cause of right, and when all has been done as it will be done, as it is being done, then there must be an end to retribution."

The first step in dealing with "the tragedy of Europe," he said, "must be a partnership between France and Germany. In this only can France recover the leadership of Europe. There can be no revival of Europe without a spiritually great Germany."

Over wide areas of Europe, Mr. Churchill declared, "a vast quivering mass of tormented, hungry, care-worn and bewildered human beings gaze on the ruins of their cities and scan the dark horizon for the approach of some new peril, tyranny or terror. Among the victors there is a babel of voices, among the vanquished a sullen silence of despair."

PRESIDENT TRUMAN SAYS UNITED STATES HAS NO IDEA OF ATTACKING RUSSIA

WHEAT PRICES

The Highest Export Prices Offered For Many Years

WINNIPEG.—The highest export price for Canadian wheat in 26 years was announced by the Canadian wheat board when it increased Durum wheat from 15 to 19 cents per bushel of straight grades.

The board's price list showed No. 1 C.W. amber Durum at \$2.20, No. 2 C.W., \$2.20 and No. 3 C.W., \$2.19, all prices basis in store. For William Port Arthur, the increase was:

Export prices of the corresponding straight grades to countries other than the United Kingdom, which is covered by the wheat agreement, are as follows: One Northern, \$2.05; two Northern, \$2.02; three Northern, \$2.00.

Increases announced in the Durum grades were believed to be a reflection of the high premiums asked for American Durum wheat on the open markets in the United States.

WASHINGTON.—President Truman obtained from Commerce Secretary Wallace a pledge of silence, while keeping him in the cabinet, and promptly rushed out a reassurance that the United States has no idea of attacking Russia.

Mr. Wallace, in a letter made public yesterday, said: "I am making this statement to advise the public that I am advocating a preventive war on Russia before the Soviets have atomic bombs. Mr. Wallace denounced such thinking.

Mr. Truman took two decisive steps in short order:

1. He arranged for a go on Mr. Wallace for the duration of the Paris conference. Coincidentally, it also may last through much of the congressional campaign for the fall election.

2. He got from War Secretary Patterson and Navy Secretary Forrestal a joint letter completely disavowing any such "thinking" as Mr. Wallace referred to, and had his aides release it to newspapermen immediately without comment.

The text of the letter follows:

"In a letter of Secretary Wallace dated July 23, published in the newspapers this morning, the statement is made that a school of military thinking is advocating a preventive war, an attack on Russia now before Russia has atomic bombs."

"There is no basis for this statement. There is no such military thinking in the war and navy departments. We know of no responsible officer in the army or navy who has ever advocated or even suggested a policy of plan or attacking Russia."

Mr. Truman again stressed to Mr. Wallace emphatically that he stands four-square behind State Secretary Byrnes and the methods Mr. Byrnes is pursuing, which Mr. Wallace criticized.

AIRLINE CENTRE

Projected Service From United States Through Edmonton

EDMONTON.—Officials of an American airline company (Northwest) arrived in Edmonton recently to examine facilities at the Edmonton airport for the company's project passenger and air mail service from the United States through Edmonton to the Orient.

The company was granted a license some weeks ago to operate a passenger air service between Minneapolis and the Far East by the United States civil board of aeronautics. The right to fly the route through Edmonton is expected to be approved by Canadian aviation authorities soon.

DUCK SHOOTING

PORTAGE LA PRAIRIE, Man.—Government technicians reported that one-fifth of the duck population of Manitoba's delta marsh was shot on the opening day of the shooting season. The heaviest shooting in years was recorded with an unprecedented number of American and outside sportsmen.

Letter To The Editor

Editor, Journal:

Sir:

During the last three months that I have spent in the Col. Belcher hospital, Calgary, it has come to my attention that while a patient certain people in the town of Coleman were busy spreading false rumors that I, a returned veteran, was deliberately feigning illness.

Should information be needed as to whether or not I was sick the people who have been doing all the talking can easily find out by writing to the Belcher Hospital.

Now that the war is over there are a few rats coming out of their holes. If people of this type cannot speak good of anyone they should forever hold their tongues.

ERNEST R. KENNEDY.

Tom Grey Says
It's a Fact!

IT IS NOT EASIER TO SWIM IN DEEP WATER!

And We Can Prove It!

There is no scientific foundation for the belief that the buoyancy of water increases with its depth. As the buoyancy does not so increase, it is as easy to swim in shallow water as deep. 1. - "Nuggets of Knowledge" - Geo. W. Stimpson.

The word is certainly getting around about our satisfactory service.

NEED FOR TWO
CORONERS IN PASS

A few short weeks ago the necessity of having two coroners in the Pass town was brought sharply to the fore. The regular coroner, being only human and a working man, took himself and family off for a well earned vacation. His absence left the Pass without the services of a coroner for two months.

An accident happened and when the C.M.C. set out to get a coroner here was the result. None in Pass, non in Pincher Creek (one has since been appointed), the Lethbridge coroner, who happens to be a doctor was so busy that he was unable to accept the assignment, the coroner at Claresholm was 74 years of age and was too feeble physically to make the trip and preside at the inquest. It required bringing a coroner as far distant as Cardston and postponing the hearing for a day.

There appears to be a definite need for a second or deputy coroner in the Pass in view of the above. Since these men are only paid when they work, and very little at that, there appears no good reason why a second coroner should not be appointed in the Pass.

MOTOR FUNDS FOR
HIGHWAY NEEDS

The Alberta Motor Association, the voice of the Alberta motorist, has started another campaign to have all revenue derived from the motorist placed in one fund to be used solely for highway construction and maintenance of Alberta's highway system.

It is only fair that such a fund be started. At the present time all revenue from the motorist is placed in the general fund and only a part of it is spent on highways. In other words the motorist is taxed twice, he pays into the general fund through the ordinary channels of taxation and because he has a car he is again taxed, the money again going into the general fund.

The motorist has asked, year after year, that the money he pays in car licenses and tax on gas, oils, etc., be placed in a separate fund for the construction and maintenance of Alberta highways. His appeals have fallen on deaf ears as Edmonton has constantly ignored them.

The federal government has a railroad and an airline which it has fostered with money out of the public treasury. Why can't it adopt a trans-Canada highway policy similar to the States? In this manner the provinces would have to maintain a progressive highway policy if they wished to take advantage of Ottawa's yearly grant to the full.

A CHALLENGE

During the war years, many people took part in a mild controversy concerning the method of selling Victory Bonds. Ranged on one side were those who believed that maximum sales called for vigorous action—the enthusiastic use of press, radio, parades, contests, public addresses and intensive personal contact by hard-driving salesmen. In opposing ranks were those who believed that Canadians did not need this so-called "hallyhoo" to rouse themselves into action—that citizens of this country were intelligent and would buy bonds just as freely without benefit of these stimulants.

That controversy was never settled in wartime. But the sale of Canada Savings Bonds in October may reveal in a small way the merits of the belief that Canadians know how to help themselves.

The forthcoming bond offering will not enjoy the urgent sales atmosphere of Victory Loan issues, nor the use of the vast sales force which used to knock at practically every door in Canada. Except for the organization of payroll sales by employers and a partial coverage of the general public by the staffs of investment dealers, citizens will act strictly on their own initiative. They will make up their own minds about buying and how much they shall buy.

Of course it will not be just to compare the results of past Victory Loans with the results of Canada Savings Bond sales. Behind the purchase of Victory Bonds was

the desire to perform a patriotic duty, to take an active part in winning the war, as well as the desire to build up a reserve of savings. In wartime, the government of the people urged Canadians to buy all the bonds they could afford. Now, citizens have but one reason to buy Canada Savings Bonds—to help themselves; to carry on the habit of saving money, of building up a greater personal security, in the same way they found so beneficial in war days. And this time there will be no great sales pressure, and no urgent appeal by the government to buy for the sake of the country.

The sale of Canada Savings Bonds will truly be a challenge to test the degree of initiative possessed by individuals of this country in their own interests.

Demand Motor Funds
For Highway Needs

Renewal of demands that all motor revenues should be earmarked for highway construction and maintenance in this province is planned by the Alberta Motor Association.

A provincial director who returned recently from a visit to Montana reported that the state has 8,000 miles of hard surfaced roads. Of particular interest to Alberta drivers is the fact that in Montana it is necessary to spend all motor revenues on highway improvements and maintenance. The state has to do that in order to qualify for U.S. federal road appropriations.

Officials of the AMA point out that this province with 200,000 more people than Montana undoubtedly could have had several thousand miles of hard surfaced roads now if millions of dollars in motor revenues had been used entirely for highway purposes, instead of being taken into the general fund of the province.

These improvements could have been applied to the entire highway system of the province, giving Alberta better secondary and market roads as well as main highways.

Before the provincial government considers its estimates for 1947, the AMA will make vigorous representations to have all motor revenues set aside specifically for the purpose of building better roads, thus meeting the insistent demands of Alberta citizens and visiting tourists.

You Owe It To Yourself

If one has only a light thought for the future, as concerns others, let him consider his own status. If life insurance is taken care of, with its assurance of support for dependents, turn your thoughts to the all-important item of accident and health insurance. Some form of this class of insurance is needed by everyone. A little study will convince you of this. We can offer you excellent protection against loss from permanent or temporary disability, sickness and any of the almost countless other disasters of ordinary life. Ask us about these policies.

BIRTHDAY PARTIES

Mrs. Harry Boulton celebrated her "21st birthday" last Wednesday, Sept. 18, by having a number of friends gather at her home for a social evening. Bridge was played, honors going to Mrs. W. H. Garner and Mrs. Lou Clary. Mrs. Boulton was the recipient of several gifts, for which she expressed her thanks.

A surprise party was held at the home of Mrs. R. Parry on Monday evening when friends gathered to honor both Mrs. Parry and Mrs. J. Morrison on the occasion of their birthdays. Court whilst was played, prizes being won by Mrs. Lou Clary and Mrs. J. Morrison. The honoree guests were the recipients of small gifts, for which they expressed their thanks.

MISS GRACE CHOW VISITOR
HERE LAST WEEK

Miss Grace Chow came "home" for three days last week when she was the guest of Mr. and Mrs. Robt. Holmes while enroute from St. John, NB, to Vancouver, BC, where she will reside.

The Chow family are former Coleman residents, the father at one time owning a laundry on main street. An uncle, Gooey, was proprietor of the former BC Cafe which has long since been demolished.

Grace's sister Dorothy and brothers Percy and Lewis attended schools here for many years. The girls attended school until they advanced to Grade 8 when they left for China. After a number of years in their homeland they returned to Canada, residing at Calgary, where they entered Sunseed Lodge, of the Salvation Army. Here they trained as Salvation Army officers, later going east where they trained as nurses in SA hospitals. Dorothy is presently in Winnipeg, Manitoba, and is presently in Winnipeg, Manitoba.

Grace will join her father and two brothers in Vancouver, the three men having resided there for some years. It is the hope of the two girls to some day return to China as nurses.

NOREEN ANN BROWN PASSES

AWAY SUDDENLY

The deepest sympathy of the entire community goes out to Mr. and Mrs. Fred Brown in the loss of their 6-year-old daughter, Noreen Ann, who passed away Monday, September 16, failing to rally following an operation for volvula (twisted intestine). The little girl was born in Coleman, Alberta, July 25, 1940, and with her family came

to Kimberley in that year, moving to this city two years ago, her father becoming a member of the firm of Miller & Brown.

Besides her parents, a brother Harry and sister Patricia remain to mourn her loss. Funeral services were held today at 2 p.m. at the MacPherson funeral parlors, Rev. R. E. Cribb officiating, with interment in Westlawn cemetery.

Brothers of Mr. Brown, Mr. Robert and Mr. Harry Brown, of Kimberley, and Mrs. McFarlane, of Michel, sister of Mrs. Brown, and other relatives were in attendance. — Cranbrook Courier.

WEDDINGS

DOPME—ANDERSON

A quiet but very pretty wedding took place at the home of Rev. R. Magowan, Saturday, September 14 at 4 p.m. when Ruth, second daughter of Mr. and Mrs. A. Anderson, was united in marriage to Robert Dompe, of Edmonton. Rev. R. Magowan officiated. The bride, given in marriage by her uncle Mr. E. Gudmundson, wore a gown of white satin with sweetheart neckline and a floor length veil. She carried red roses and carnations. Bridesmaid Miss Betty Aneclot wore a pale green net gown and carried a bouquet of gladioli. Mr. Albert Goebel attended the groom.

The reception was held in the home of the bride's parents. Upon returning from their honeymoon they will reside in Coleman where the groom is employed.

VORNBROCK—RYPEN

A very lovely wedding was solemnized at Holy Ghost church on Saturday, Sept. 14, at 10 a.m., when Else, only daughter of Mr. and Mrs. Tom Rypen, became the bride of Arnold, son of Mr. and Mrs. Vornbrock, of Milk River. Rev. Father Leo Sullivan officiated.

The bride, entering the church on the arm of her father to the strains of Mendelssohn's Wedding March played by Mrs. F. Maurer, was beautifully dressed in a gown of white sheer. Her floor length tulle veil was held in place by a lace head dress. Her only ornament was a three strand pearl necklace. Her bouquet was of roses and carnations.

The bride's attendant was Miss Mildred Vornbrock, cousin of the groom, who chose a pale green gown of net with matching chapel veil and carried a bouquet of gladioli.

Donald Vornbrock, brother of the groom, was best man.

Mrs. Eddie Churla was matron of honor and chose a two piece brown ensemble with matching accessories.

The groom was attended by his brother, Mr. Douglas Wilson, of Edmonton.

Following the ceremony a reception was held at the home of Mr. and Mrs. Adam Wilson in Coleman where guests enjoyed a delicious buffet lunch.

WEDDINGS

The bride's mother chose a two tone jersey dress with matching accessories. The groom's mother wore a brown dressmaker suit and accessories to match.

During the signing of the register the organist played a hymn.

After the ceremony a reception was held at the bride's home where 150 guests were present. The bride's table was attractively decorated with a three tiered wedding cake.

For a going away costume the bride chose a turquoise-black dressmaker suit, with hat, gloves and purse to match. She also wore a corsage.

Out of town guests included Mr. and Mrs. John Vornbrock and Rev. Father Doiron of Milk River, and Mrs. J. Pytlarz of Lethbridge, Mr. and Mrs. A. Woytula of Beaver Mines and Miss Stafe Sypos of Calgary.

Music for the wedding celebration was provided by Tom Kropinak and Bruno Pytlarz with their piano accordions.

WILSON—D'AMICO

A wedding of interest took place at St. Anne's church, Blairmore, on Saturday, Sept. 21, when Elenore, daughter of Mrs. Mary D'Amico of Hillcrest, and Becher, son of Mr. and Mrs. J. B. Wilson, of Vancouver and formerly of Blairmore, were united in marriage. Rev. Father Harrington officiated.

The bride looked charming in an afternoon dress of aqua with black accessories and wearing a corsage of yellow roses.

She was attended by her sister, Miss Rose D'Amico, who chose a gold afternoon dress with brown accessories and a white gardenia corsage.

The groom was attended by his brother, Mr. Douglas Wilson, of Edmonton.

Following the ceremony a reception was held at the home of Mr. and Mrs. Adam Wilson in Coleman where guests enjoyed a delicious buffet lunch.

For going away the bride chose

a Fruchia Red tailored suit and black accessories. The happy couple will spend a honeymoon at Seattle and Vancouver. Upon their return they will reside at Blairmore.

Out of town guests included Douglas Wilson of Edmonton, Mr. Roy Bourne of Calgary, Mrs. Margaret Bavelle, Mrs. R. Phillips, Mrs. E. Gudmundson, Mary Aneclot and Alice Anderson.

THURSDAY, SEPT. 26, 1946.

gifts for which she ably thanked her many friends.

THANK YOU

I wish to thank all those who helped in any way to make my shower such a success. I especially wish to thank the hostesses, Mrs. M. Faivre, Mrs. R. Phillips, Mrs. E. Gudmundson, Mary Aneclot and Alice Anderson.

Travel Will Be Fun Again
via Canadian Pacific

Remember how pleasant it used to be to travel on Canadian Pacific ships! Remember the cuisine, the courteous service, the fun of shipboard life... and the ships themselves!

Just now there's a big job to do repairing the wear and tear of wartime years—replacing lost ships... but, when it's done, travel will be fun again—the Canadian Pacific way! Soon a new, two ocean fleet will plow the sea routes of the world... and once again it will be possible to go from Shanghai to Southampton — Canadian Pacific all the way!
